

# Blogging Calendar Instructions

This calendar is designed to help you stay organized with your blog. It is not supposed to take you long to fill out.

Each day square has 4 simple fills ins: post, social media, freebie, and affiliate. If you do not have anything to post for that day just skip the box (cross it out, color it in, whatever you want to do!).

**Blog Post:** Here you write your blog post idea ex) saving money for kids, budget meals for fall. You can even just write 1-2 words just so you remember what you are planning to write about.

**Social Media:** Here you circle where you are going to promote it or if you completed your images for those social media platforms  
Instagram (I), twitter (T), Facebook (F), and/or Pinterest (P).

**Freebie:** Do you have a freebie to go along with this post? Are you going to create one? Just circle Yes (Y) or No (N)

**Affiliate:** Is there an affiliate program you can promote with this post. Just circle Yes (Y) or No (N)

Remember, this calendar is just supposed to serve as a quick reminder so you remember what you wanted to post that day, what resources you need to promote it, and if you need to create any images for it.

If you have any questions, please email me at [alli@financiallifocused.com](mailto:alli@financiallifocused.com).  
Thanks!
